

PDSC Bulletin

30 March 2011

Hi sailors one and all,

Almost certainly the best sailing conditions in living memory for the first day of the season! Not raining, blowing a gale or even just freezing cold.

No wind at all gave way to a firm though shifty North Easterly after a short postponement and the 2011 season was underway. A small fast handicap fleet was dwarfed in numbers by the many Solos and Laser Radials in the medium fleet. Good racing was had by all despite a fast flowing ebb tide making the beats hard work. Steve Owen prevailed in both races, closely pursued by Shon Stockwell and Commodore Ken who had a very good day.

New caterer Dave Prosser kept everyone fed and watered very nicely and, thanks to the efforts of many, the club looked clean and tidy and all the rescue boats were manned and working.

Hope to see more sailors next weekend!

Almost certainly the best sailing conditions in living memory for the first day of the season! Not raining, blowing a gale or even just freezing cold.

Sunny, warm, but no wind at all gave way to a firm though shifty North Easterly after a short postponement and the 2011 season was underway. A small fast handicap fleet was dwarfed in numbers by the many Solos and Laser Radials in the medium fleet. Good racing was had by all despite a fast flowing ebb tide making the beats hard work. Steve Owen prevailed in both races, closely pursued by Shon Stockwell and Commodore Ken who had a very good day.

New caterer Dave Prosser kept everyone fed and watered very nicely and, thanks to the efforts of many, the club looked clean and tidy and all the rescue boats were manned and working.

Hoping to see more sailors next weekend!

Andy
